- Since 1985 experience in woven industries and since 2007 experience in International Trade.
- Exports good Quality as per Customers requirement within committed schedule.
- Complete Transparency in all information & dealings.
- Commitment to rendering impeccable services.

About Us

Bubna Polysack Industries was established in year 1985 in surat, Gujarat, india. Our Founder & chief mentor Mr. Shyamsunder Bubna deeply realized the scarcity of purposeful quality products in the field of industrial development. Our company takes pride to have introduced different types of quality packaging materials into our customers' various products.

As per our customer requirement we export products made of pp/hdpe etc. we can customize our products as per order and can provide products in all sizes and scales. Our promising products are outcome of continous R&D and first hand market analysis, even further we take our products through strict quality tests during various stages before supplying.

Tarpaulin Fabrics

PP/HDPE Woven Fabric Rolls & Sheets

PP/HDPE Woven fabric is available in laminated and un-laminated form. These fabrics are used in different industrial segments like Bag manufacture, Fertilizers, Cement, Polymers, Chemicals, Textiles, Machinery and Food grain packing. PP/HDPE Woven fabrics are strong, economical and dependable packaging option for wide range of commercial as well as industrial commodities.

Block Bottom Valve Bags

- Block Bottom valve cement bag
- Bopp Block Bottom valve bag
- Block Bottom Open Mouth bag
- Block Bottom Tile Adhesive Bag
- Block Bottom Shopping Bag
- Only Valve type cement bag

PP/HDPE woven Block bottom valve bag is the ultimate solution of leak free packaging. These bags are specially designed with micro holes that help in exhausting the air to increase the efficiency of the filling station & close automatically. This type of bag is very popular in the cement industries for their advance look and stack ability in the warehouse.

A collage of images showing different types of tarps and rolls of material. The top left shows rolls of blue, yellow, and green tarps. The top right shows large rolls of blue tarp. The middle left shows a close-up of a blue tarp with grommets. The bottom left shows a blue tarp covering a stack of brown sacks. The bottom right shows a roll of red, white, and blue striped tarp.

PP/HDPE Tarpaulins

We are engaged in exporting quality assortment of HDPE Tarpaulin. These are manufactured under strict quality test as they are demanded for their tensile strength and longevity & Water proof. We always meet the customized demands of varied sizes accordance to the expectation of our clients

PP/HDPE FIBC JUMBO BAG BULK BAG.

U-Panel, 4-Panel, Circular (Tubular), Conical, Coated/Uncoated
Big bags
